

15th and 17th May 2017: A workshop for managing and re-using health data

Inserm's Workshop 246 "Managing and re-using health data : methodological issues"

On the 15th and 17th May 2017 in Bordeaux,

- Marie-Christine Jacquemot and Françoise Cosserat (Inist/CNRS, Vandoeuvre-lès-Nancy),
- Anne Cambon-Thomsen (U1027-Inserm, Toulouse),
- Grégoire Rey (CépiDc-Inserm, Le Kremlin Bicêtre),

will be organising a workshop which will aim to provide an overview of the **tools and the good practices** to be adopted for a better **management of health data** throughout their life-cycle, in order to ensure a responsible sharing and to facilitate their reuse.

Targeted audience

Researchers, engineers, doctoral students, doctors et actors involved in the production, the management and the exploitation of medical-administrative and scientific data in the field of health.

Registration

Register before the 3rd Mars 2017
